

Curriculum Vitae

Dr. Firoozeh Sadat Hashemi, MD

August 2021

Education

2017- 2018 Master in minimally invasive gynecologic surgery, bologna university, Italy

4th June – 18th July 2018 fellowship in gynecological oncology, Charls university and general faculty hospital in Prague

December 2017 Hands on training program for laparoscopy radical hysterectomy, Galaxy care multi-speciality Hospital, Pune, India

July 2017 attending in the master class in MIS academy, laparoscopy procedures, Dubai

Spring 2017 Fellowship and Diploma in Minimally Access Surgery, World Laparoscopy Hospital, New Delhi, India

2011- 2013 Fellowship in Gynecology-Oncology, Tehran University of Medical Science (TUMS), Tehran, Iran,

Thesis: Neoadjuvant chemotherapy in locally advanced cervical cancer in Iranian women: 2008-2013

2001- 2005 Residency program, Obstetrics and Gynecology Department, School of Medicine, Shahid Beheshti University of Medical Sciences, Tehran, Iran

Thesis: Friedman's curve Analysis in Iranian women: 2003-2005

1993-2000 Doctor of Medicine (MD), Iran

Thesis: Labor (Friedman's) curve in 15-35 years old women in Shariati Hospital: 1999-2000

Work Experiences & Positions

2014-Present Consultant and Gyn-Onco-Surgeon in Khatam Hospital (cancer center), Tehran, Iran

2013-2014 Consultant and Gyn-Onco-Surgeon in Khomeini hospital (cancer center), Tehran, Iran

2012-2014 Assistant Professor, TUMS, Tehran, Iran

Research Experiences

2011- 2013 Research on the differentiation of benign from malignant adnexal masses by functional 3 Tesla MRI techniques: diffusion weighted imaging and time intensity curves of dynamic contrast enhanced MRI, in collaboration with radiology department.

2011-2013 Research on distribution of Human Papillomavirus Genotypes in Iranian women according to the severity of the cervical lesion

2008-2013 Research on the role of neoadjuvant chemotherapy in locally advanced cervical cancer

2003-2005 Analysis of the friedman curve in nulliparous and multiparous women and comparison to Iranian women, as a main executor,

1999-2000 Drawing a new labor partograph in nulliparous and multiparous Iranian women

Workshops & Courses

March 2012 Endometrial Cancer (Online Course), University of South Florida, USA

March 2012 Gestational trophoblastic disease (Online Course), University of South Florida, USA

March 2012 Diagnosis and management of ovarian cancer in a 65-years old patient (Online Course), National Comprehensive Cancer Network, USA

March 2012 Nonovarian cancer (Online Course), University of South Florida, USA

October 2012 International cervical cancer prevention workshop, Cancer Research Center and Union International Cancer Control, Iran

Lectureship

1. Cervical cancer screening, 2nd national women and family health congress. Tehran, Iran, August 2019
2. Role of HRT in non-gynecologic cancer women, Iranian Society of Gynecology Oncology (IRSGO), Tehran, Iran, July 2019
3. Role of chemotherapy in high risk molar pregnancies, 14th international obstetric and gynecology, Tehran, Iran, September 2018
4. NACT in locally advanced cervical cancer, the 5th international family medicine conference and exhibition. Dubai, united Arab Emirates, February 2018
5. Management of Carcinosarcoma, Iraninan Society of Gynecology Oncology (IRSGO), Tehran, Iran, August 2017

6. NACT in ovarian cancer. Iranian Society of Radiation Oncology (ISRO), Tehran, Iran, August 2017
7. Management of ovarian mass in pregnancy, National Association of Iranian Obstetricians & Gynecologists (NAIGO), Tehran, Iran, February 2017
8. The role of adjuvant hysterectomy in locally advanced cervical cancer, Iranian Society of Gynecology Oncology (IRSGO), Tehran, Iran, January 2017
9. Case report of PSTT (placental site trophoblastic tumor), Iranian Society of Gynecology Oncology (IRSGO) December, Tehran, Iran, December 2016
10. Ovarian cancer and BRCA1, BRCA2 mutation, 7th Annual Congress, Iranian Society of Gynecology and Oncology (IRSGO), Tehran, Iran, April 2016
11. The role of neoadjuvant chemotherapy in cervical cancer, 5th Annual Congress, Iranian Society of Gynecology and Oncology, Tehran, Iran, November 2013
12. New management of CIN (cervical intraepithelial neoplasia), Iranian Society of Gynecology Oncology (IRSGO), Tehran, Iran, January 2013
13. Role of surgery in cervical cancer, 37th Annual Congress Iranian Association of Surgeon, Tehran, Iran, May 2013
14. Abnormal pap smear management, Iranian Society of Gynecology Oncology (IRSGO), Tehran, Iran, March 2013
15. Cervical cancer in pregnancy, Iranian Society of Gynecology Oncology (IRSGO), Tehran, Iran, March 2013
16. Role of chemotherapy in gynecologic cancers, Iran's 13th International Conference on Obstetrics and Gynecology, Tehran, Iran, December 2012
17. Approach to the vulvar lesions, Iranian Society of Gynecology Oncology (IRSGO), Tehran, Iran, December 2012
18. Epidemiology and prevalence of cervical cancer in Iran, Iranian Society of Radiation Oncology (IRSGO), Tehran, Iran, October 2012
19. Follow up and recurrence in cervical cancer, Iranian Society of Gynecology Oncology (IRSGO), Tehran, Iran, September 2012
20. Approach to the positive margin in cervical conization, 4th Annual Congress, Iranian Society of Gynecology and Oncology (IRSGO), Tehran, Iran, June 2012

21. Ectopic gestational neoplasia, 4th Annual Congress, Iranian Society of Gynecology and Oncology (IRSGO), Tehran, Iran, June 2012
22. Targeted therapy in ovarian cancer, 36th Annual congress, Iranian Association of Surgeon. Tehran, Iran, May 2012

Awards and Achievements

2000 Distinct ranked among Iranian medical school graduates

2017 Distinct ranked amongst Gynecologist in World laparoscopy Hospital fellowship. MAS awarded by World Association of laparoscopic surgeons (WALS)

2018 Distinct ranked among gynecologist in Bologna university, mastership in minimally invasive surgery in gynecology, Italy

Learned Societies Membership

2009-present Member of National Association of Iranian Obstetricians & Gynecologists (NAIGO)

2009-present Member of Iranian Society of Gynecology Oncology (IRSGO)

2017-present Member of World Association of Laparoscopic Surgeons (WALS)

2017-present Member of European Gynecology Oncology Group (ESGO)

2017-present Member of International Society for Gynecologic Endoscopy (ISGE)

Research and Teaching Interests

Laparoscopic surgery in gynecology-oncology field

Robotic surgery in gynecology-oncology field

High risk gestational trophoblastic neoplasia (GTN) management

Neo-adjuvant chemotherapy in locally advanced cervical cancer

Laparoscopy in borderline ovarian tumors

Targeted Therapy in ovarian cancer

SLN in endometrial and cervical cancer

HIPEC after primary debulking surgery in ovarian cancer
